Employment History

Senior Scrum Master August 2020 - Present
Nuix - Conshohocken, PA

- Facilitate daily scrum meetings, sprint planning, demos, groomings, retrospectives, and PI planning meetings to monitor health and focus effort for multiple scrum teams.
- Provide leadership reporting on the teams' progress, removing blockers, managing dependencies, and mitigating risk to ensure initiatives are met.
- Work with multiple dev leads and product owners to maintain backlogs.
- Collaborated across agile team members to successfully migrate Jira Portfolio to Align.

Scrum Master January 2020 - June 2020
Dell Technologies Inc. - Chesterbrook, PA

- Servant leader of two software engineering teams providing executive level reporting on OKRs, capacity planning, project burn-down, team velocity, and release delivery.
- Responsible for enacting agile values and practices, ensuring the correct use of Scrum process by running planning meetings, standups, reviews, demos, and retrospectives.
- Serve as an agile coach promoting Scrum, assisting team leads and product managers with backlog grooming while providing company-wide expertise on Jira and Confluence.

Scrum Master

February 2018 - January 2020

Comcast Corporation - Philadelphia, PA

- Scrum Master for five software engineering teams collaborating with business stakeholders, management, and product owners to deliver an agreed upon roadmap.
- Drove multiple teams to implement TDD and CI/CD pipelines, decreasing one specific team's release cycle from 3 weeks to 3 days.
- Used retrospectives to streamline production issues, lessening scheduled project interruptions by 20%.

Scrum Master

August 2017 - February 2018

Trellist, Inc. - Wilmington, DE

- Led a portfolio of projects for global clients in a high-risk, fast-paced environment involving remote team members and off-site vendors.
- Used Microsoft Project to capacity plan a cross-functional team of developers, designers, business analysts, copywriters, marketers, and user experience experts while following Scrum, Kanban, and waterfall project management methodologies.
- Followed SDLC process to develop applications, portals, multi-sites, eCommerce systems, and landing pages that involved enterprise CMS' Sitecore and Sitefinity.

Scrum Master

February 2017 - July 2017

WebLinc, Corporation - Philadelphia, PA

- Managed a \$200,000 agile eCommerce build as a Scrum Master collaborating with an external product owner while also fulfilling the role of Project Manager creating detailed project budgets, definitions, estimates, requirements, schedules, and timelines.
- Used Jira to lead a distributed team of cross-functional resources for build and retainer projects forecasting and reporting on utilization, capacity, and budget consumption.

Scrum Master

April 2014 - February 2017

Cuker Interactive, LLC - San Diego, CA

- Used Scrum and Kanban to develop web application and eCommerce platforms that attracted hundreds of thousands of unique user visits month over month.
- Led a two-year mobile redesign project with a multi-million dollar budget for nationwide equipment rental company Sunbelt Rentals that led to a 250% increase in leads.

Education

- Master of Science, Information Systems
Drexel University in Philadelphia, PA
- Bachelor of Arts, Communication
LaSalle University in Philadelphia, PA
- Associate of Science, Computer Information Science
Coleman University in San Diego, CA
